NUMBER 23

Rev. Claycomb Accepts Call to Franklin, Ky.

Rev. J. F. Claycomb, of the Presbyterian church, who since his decision in the winter to resign the pastorate here after three years of successful work, has received a number of flattering offers from other cities, announces that he has finally accepted the call to the flourishing church at Franklin, Ky., where he preached a trial sermon several weeks ago. He will begin his work there June 1, closing his term here the 5th Sunday in May. Sturgis people greatly regret losing this able minister and his popular family, but wish him success in his new field and congratulate Franklin upon her good fortune in securing his services.—The News Democrat.

Special Cash Discount Sale.

In order to increase our CASH SALES—on Wednesday and Thursday, April 8th and 9th, 1914, we will give to the Ladies' Aid Societies of the various churches of Columbia and Adair county, 8 per cent. of all cash sales made on those days. The above per cent. will be given in the following manner: The customer purchasing a bill of Goods and paying cash for same, will be requested to state to what church he or she desires to pay 8 per cent. of the amount of said purchase, a note of such request will be made on each sale bill, and on Friday, April 10th, a correct account will be made of the amount we owe each church from such sales and our checks will be issued payable to the Presidents of the Aid Societies of the various churches, or to some official of such churches as designated by the purchasers of goods on the two above mentioned days. Remember that purchasers will have the privilege of designating any church of any denomination in ADAIR COUNTY, to which they want us to make payment of 8 per cent. of their purchase.

We also want you to know that our entire Spring Stock is in the House ready for your inspection.

We have just had our Spring Opening, and have had more compliments passed on our stock in all departments than ever before. We are always on the lookout for New, Up-to-date Goods, and we feel sure that you will agree that we now have the largest stock of Up-to-date Merchandise ever shown in Columbia.

We have adopted a ONE PRICE system, every article marked in plain figures at the price they are to be sold. Your child, your servant, or anybody can get goods from us at the same price as the "Boss," or anybody else.

Make your arrangements to come on the above mentioned days, buy your Spring Outfit and "incidentally" help your church along. We will have plenty of salespeople to wait on you quickly.

We will supply the Ladies' Aid Societies of any church with printed cards outlining this sale, which can be used in mailing to your church members in and out of town.

Remember the proposition—we pay 8 per cent. of our cash sales on April 8th and 9th to the various churches of Adair county. In addition to that we will pay \$5.00 in cash to the church receiving the largest donation.

Memoir.

Seldom, if ever, has our town and community been more anxious for any one's recovery to health than they have been for the last weeks that Nell Hancock lived and suffered.

While all friends knew it was well with her, whether living or dying, yet a deep sadness was in the hearts of us all when we knew she would no more be among us.

She had endeared herself to old and young, rich and poor, white and colored, because of her unselfish thoughtfulness of others.

The youngest of a family of eight children; yet she was not "spoiled." Did not feel she must have special gifts and favors, but always wanted to share with the other members of the family and with those outside.

She was always giving to the poor. Even thinking, for a number of years, to take a sufficient contribution to Sunday School, to give to children who had no offering, so they too might share in the blessedness of giving.

Sallie Nell Hancock was the daughter of Judge Junius and Mollie Hancock. She was born Oct. 14th, 1900, died March 31st, 1914. She surrendered her life to Christ in 1909, during a protracted meeting held by Bro. Pinkerton, and united with the Christian Church in Columbia.

She was faithful in her attendance at Sunday School and church services whenever health permitted. She never refused to take any part in these services when she was called upon.

The writer cannot recall one instance of making an excuse for not doing.

She was taken seriously ill on Saturday night, March 7th, 1914. During her illness she thought every day was Sunday and worried because she could not attend Sunday School.

She told the family not to forget to send her envelope with her contribution on Mission day. She wished for a million dollars and when asked why, she said it would do so much good in the mission work.

The following are some of her sweet words which the loved ones will always remember her saying during her illness:

One night she said "when the sun will swap places with the moon the sun will be up and I will be up too." This saying came true for her spirit passed away to God at the rising of the sun.

One time she said she was in Heaven and asked "where are the wicked? Where are the wicked?"

Another time she said, when her mother was trying to quiet her, she being so restless, "The stream! I shall soon be to the Great Stream." She would at times look about her and say: "Crowns of Glory!"

After a paroxysm of suffering, when getting easier her complaining would gradually go into a hum, and she would hum one of her favorite songs, "In the Sweet Bye and Bye."

At last so worn and weary and so well prepared she went to sleep in the Savior's arms. The Lord was exceedingly kind to let her come to earth and stay awhile and show us how beautiful it is to live on earth like Him and in death gain such a victory.

May her mantle fall on some other young heart who will follow faithfully to the end.

The funeral services were held at the Christian Church April 1st, at 2 p.m. The Graded School were in the assembly. The church was crowded with sympathizing friends. The dead form was enclosed in a beautiful casket covered with beautiful floral designs—gifts from family and schoolmates and friends. "The dust shall return to the earth as it was and the spirit return to God who gave it."

Death of Miss Lou Trabue.

The people of Columbia were greatly surprised last Tuesday morning when the death of the subject of this notice was announced. In fact, her illness was of short duration and it was known to only a few of the residents. The deceased was born and reared at the home where she died, and was about seventy years old.

When quite a young girl she made a profession of her faith in Christ, united with the Columbia Baptist Church, and was a zealous member until the final dissolution. Her parents, William and Elizabeth Trabue, died many years ago. In their life time they were prominent about Columbia. Mrs. Trabue being a Caldwell before her marriage, a sister of George Alfred, Isaac, Junius and Dr. W. B. Caldwell, all of whom died in the city of Louisville where they became prominent, not only in their adopted home but throughout the State. The three former were prominent lawyers, George Alfred serving two terms in Congress, elected from the district in which was Adair when he was quite a young man, and a short time after the close of the Mexican war, in which conflict he commanded a regiment.

The deceased was a victim of pneumonia, and was sick but a few days. One week before her demise she attended religious services in town and appeared to be in her usual health. The funeral services were held at the residence Wednesday forenoon at 11 o'clock, conducted by her pastor, Rev. O. P. Bush, and the interment was in the city cemetery. A large circle of friends followed the remains to their lasting place.

This death leaves only two members of the Trabue family, Misses Mary and Matilda. In their sorrow and loneliness, they have the sympathy of this entire community.

An Enjoyable Occasion.

For many years it has been the custom of fraternal societies to occasionally give a banquet to which the wives, mothers, sisters and daughters of members of the order are invited, the evening invariably being delightfully spent.

Last Friday night was set apart for such an occasion by the Modern Woodmen Camp of this place. Invitations were extended, and by 8 o'clock the Hall was filled to its capacity.

The ladies had prepared refreshments, consisting of everything substantial and delicate, and by 9 o'clock the tables were spread and the feast commenced. There were four courses, and when all had withdrawn, from the tables there was enough left to have fed a small multitude.

Mr. G. P. Smythe was the toastmaster, and there were a number of good speeches, enjoyed by the assembly.

These gatherings are given for the purpose of bringing about a closer social relation, and they usually result in much good to a fraternity. The members become enthused with the spirit that should prevail in every organization, and new members are brought in.

For a year the Woodmen Camp at this place, had been on a drag, but two months ago it took on new life and a number of new members have recently been initiated, and prosperity again reigns.

If we were to write a book we could not say more than this: The members thank the ladies for the good edibles and for their gracious presence, knowing that they added much to an occasion that was highly enjoyed by each member in attendance; that their efforts to make the gathering a success will remain in the minds of the promoters until about this time next year, when another meeting will be held, at which time the members hope to again see their smiling faces and to hear their cheerful voices ringing through the hall.

Largely Attended.

The funeral services of Miss Nell Hancock, which occurred last Wednesday afternoon, conducted by her pastor, Eld. Z. T. Williams, were largely attended, the church being crowded to its capacity, many having to stand. The Graded School, of which the deceased was a pupil, came in a body, and ten or twelve of her school mates, dressed in white, were pall bearers and Flower girls. It was a beautiful mark of respect, evincing devotion to a pupil and playmate. The floral offerings were many and very beautiful. Her pastor paid a glowing tribute to her life and character, after which all that was mortal of little Nell was laid to rest by the side of her brother, who preceded her to the grave several years ago.

Death of a Native.

Last Wednesday morning, April 1, 1914, Mr. A. Knox Russell died at his late residence in the city of Louisville. Mr. Russell was born and reared in Columbia, and was a son of Andrew and Elizabeth Russell.

When the civil war commenced he entered the Confederate army, serving with Gaither Bryant, Heck Burton, Jo A. Atkins, Bob Peebles, all in the same company. When the war closed he returned to this place, and a short time thereafter he was married to Miss Laura Bridgewater, who survives him, and who is a sister of Mrs. U. L. Taylor, of this place.

For a year the Woodmen Camp at this place, had been on a drag, but two months ago it took on new life and a number of new members have recently been initiated, and prosperity again reigns.

Editor News:

Early in January I arrived here and began teaching soon afterward. Being in a land of strangers, I decided I needed the News to give the happenings in Adair. Its arrival is very much like receiving a letter from home and to be sure this is always quite pleasant.

We have a two room building, and two teachers which arrangement divides the work up to much better advantage, and secures much more proficiency in teaching and school government than the one room and one teacher school. The enrollment is 107 pupils and our attendance is good.

The weather has been delightful nearly all the time during this winter. Farmers need scarcely ever lose a day from their work except when it may be raining. Corn, oats and cotton are produced, cotton being the staple. The roads are sandy, and usually dry, and the county is very nearly level. Many automobiles are in use all over the country.

People here, generally speaking, are real social and clever. There is much old-fashioned southern hospitality.

As I have not visited Columbia for several years, I presume there have been many changes in various ways during these years. Sometime in the future, I hope to have the opportunity of being there again and renewing friendship with old acquaintances.

With best wishes,

Yours truly,
Samuel L. Coffey.

Look to Your Plumbing

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by Paul Drug Co.

From Missouri.

Bogard, March 14, 1914.

Editor News:

The State of Missouri through medium of her humble sojourner from Kentucky by birth, and North Carolina by adoption, hereby tendereth greetings to his beloved fatherland in general, and to Columbia and Stringtown in particular.

If a native of the dark and bloody commonwealth ever cherished a devotion to his native land, akin to that of the sweet singer of captive Israel when weeping by the waters of Babylon, and refusing to sing the songs of Zion for delectation of his captors, I am the man.

I love every field and forest of the old Kentucky home, every rill that gurgles by hallowed scenes, and how often memory reverts to departed friends in sad retrospect.

Nearly all the people with whom I spent my youth, have either been gathered in by the grim reaper, or are in distant lands. When I reflect that the sweethearts of my boyhood are generally among the pale nations of the dead, and that many of the sterner sex have, like myself, sought fame and fortune in other fields, I think of Poe's Annabel Lee, and the searched and smitten darling of the youthful Geo. D. Prentice, who was stretched dead by a bolt from heaven.

Truly, in the language of this versatile genius, these sad reflections of the past like midnight's holy hour.

"'Tis a time for repentance and for tears." When I was a boy, I held with Osler, that fifty was the age of the decrepit and the dotard. Now at 56, I find myself full of longings and aspirations, and regarding those artibiles from Dr. U. L. Taylor on sanitation, as masterpieces of truth and research; and realize that he has passed three score and ten.

Dr. Taylor is a living and striking monument of an exemplary and temperate life. He never had advantages of collegiate training except in medicine; and yet for strength, perspicuity and beauty of diction few men excel him as a writer. While many quacks disgrace the medical profession, the labors and researches of such men as Dr. U. L. Taylor, have raised the average duration of human life from 34 to 46 years within the last five decades.

Tell Jim Cager Yates that he may look for me in April from the 17th to 20th, 1914.

NOBLE PEACOCK

One of the best sons of the Grand Old Sire, Jordan Peacock, will make the season of 1914 at Gradyville, Ky., and will insure a colt for the Low Price of \$10.00

NOBLE PEACOCK has proven himself to be the Best Breeder in Southern Kentucky. His get last year wore the blue tie over every other horse colt that was shown at the Columbia Fair, as those who were there and saw that beautiful little Chestnut Missie that I paraded in front of the Grand Stand that made the other colts take a back seat and sit down till the little Missie graduated is evidence that NOBLE is the Best Breeder, and there were a number of colts by some of the noted horses of the country. Some of them were sired by stallions that made the season at \$25, and there were two in the lot that the season cost \$50. Now what is the use to pay from \$25 to \$50 for a colt when you can get a better one for \$10?

My plan is to live and let live. Just think of the wonderful Peacock mare that was shown at the Columbia Fair last year by Wilson Bros., and won every time she entered the ring. She won the \$500 prize for the best stallion, mare or gelding. Also \$50 for the most beautiful stallion, mare or gelding, and for the best saddle mare, 4 years old and over, and she's a Peacock, too.

The stock that you have heard some stallion owners say couldn't do nothing, but when they come to a show-down they are always in the money and especially when you have one to sell.

Description of NOBLE PEACOCK:—He is 6 years old, 15½ hands high, weighs 1,050 pounds, is a beautiful Mahogany Bay, goes all five of the saddle gaits with both ends up as high as you ever saw a Peacock. He carries the best natural show tail I ever saw. Has a long goose neck and a beautiful head and a large, brown eye and is strictly sound in every way.

NOBLE'S breeding, by Jourdan Peacock, No. 1148, by Peacock 498, by Blue Jeans No. 3. Jourdan's dam, Lena Rivers, No. 760, by Cabell's Lexington, by Gist Black Hawk, by Blood's Black Hawk.

Noble's first dam, by Artist Jewel, No. 882, by 2nd Jewel, 84, by Jewel Denmark 70, by Washington's Denmark, 64. Noble's 2nd dam by Cromwell Denmark, No. 73, 3rd dam by Artist No. 75.

There is not a better bred stallion living than Noble Peacock, and not one in the world that has as much rich blood in him as Noble, that stands at as low a price as this fine young horse.

3 JACKS.

I will stand 3 first-class Jacks at \$10.00 to insure a mare with foal. These are all first-class Jacks, all black with size and style.

Now if you want to breed to the best, come to my stables. I have been in the breeding business 35 years and know how to handle this kind of stock.

Money is always due when mares are traded or removed from the neighborhood. Pasture 10c per day or fed at cost of feed.

Respectfully,

W. L. GRADY.

Ray Blair, son of Mr. S. I. Blair, is quite sick—has symptoms of fever.

Mr. J. O. Polly and family are making preparations to go to Illinois this spring, with the intention of making their home. It is with regret the neighbors give up this excellent family. Mr. Polly is a good citizen, his wife is a good neighbor, a splendid singer, a skilled organist and a church worker. She will be greatly missed. They also have three interesting children.

Mrs. Victoria Richard was thrown from her horse at the home of Mr. Kent Bryant last Friday afternoon. She sustained a few bruises but did not think she was seriously hurt.

Misses Addie and Emma McKinley were the pleasant guest of Mrs. Sallie Bryant last Sunday.

Mr. Olie McKinley will move to his home in a few days. His crop will all be on his land he recently purchased from Mr. Sam Coffey.

Mr. J. D. White, wife and son spent Sunday with Mr. Luther Maupin and family.

Mrs. Ella Marshall's letter was interesting and enjoyed very much.

The prayer meeting at Shiloh every Wednesday night seems to be growing in interest.

Editor News:
Yours of the 13th inst., before

me, and in reply to same wish to state, some friend started the Adair County News to me, and I supposed was keeping it paid up, therefore I was not keeping up with that part of it, though all the while enjoying many articles of interest in its columns, as I was born and reared near old Columbia, a place that I yet often speak of as home, though I left there 29 years ago the 24th of last month—Feb., 1886. Since that time there has been many changes, not only in the town and surrounding country, but among those with whom I grew up. Many of them, like myself, are trying their fortune in other States, others have passed over the dark and chilly waters of the great beyond.

I noticed in the last News the death of a man whom I have known and loved from infancy as a true friend, though he was several years my senior, but while this was the case, I was always glad to meet and be with Robt. L. Walker, though we had been separated so long I had lost all trace of him. I think sometimes I will visit my old home State and town once more, and meet again as many as possible of my remaining relatives and friends.

I noted with regret the heavy loss sustained by cousin W. T. Dohoney, some weeks since by feeding ensilage to horses. The silo is getting to be a common factor on the stock farms throughout this State, and they are claimed to be great profit makers.

Well, I notice Prof. Melvin White has deserted the Tar Heels, at last, and located in the great State of Missouri, and the first rattle out of the box, wrote back to friends in old Kentucky, telling them that he actually saw seven hundred rabbits in one pile? Well Melvin, we will admit that is a very nice bunch, but would be laughed at in Coleman or Taylor county Texas, where they stretch poultry wire and drive the jack Rabbit in by the thousand. Though as I didn't start in to tell a rabbit story, will ring off on that, and if Melvin gets too strong on such things while in the central West, we will just get Mill Bill Conover after him.

Now, a few words regarding our little city, and country around it. We have a town of about two thousand inhabitants, located on the banks of the North Bosque river, and in the northeast corner of Hamilton county. All the business streets are lined on both sides with substantial one and two story brick and native stone buildings, and the streets kept in as perfect condition as those in cities of fifty thousand. The residences are of the modern type and well kept. A great deal if the country is broken, though fine for almost any thing one wishes to plant. Especially fine for cotton and small grain, fruit and vegetables.

Well brother Harris, while I have never had the pleasure of meeting you, I know from the tone of your editorials, you are a true blue Democrat, hence I can say, brother, toil on in thy good work, and keep the News coming.

I would be glad to hear from any old friend. With best wishes to all, I am very truly,
J. R. Dohoney.

From Illinois.

Editor News:

I have been reading a letter from Iowa which made me want to write a letter to my old Kentucky friends and I noticed where the writer said that the snow was drifted there about 3 or 4 feet deep. Illinois can beat that, for the snow has drifted from 4 to 16 feet deep and the roads were all blockaded for a long time and the mail could not pass for a while.

I am working on a farm with my father and brothers. The farm is about 6 miles from Monticello. It is a thriving little town. I am 14 years old and I left Kentucky 3 years and 3 months ago. I would like to take a visit back to my old Kentucky home and to see my old Kentucky friends. I am in school now. We have 8 and 9 months free school, but I will soon have to begin work again. We will have about 200 acres of corn and 110 acres of oats. Corn is worth 56c per bu., and oats are 35c per bu. Potatoes are \$1. per bu., hops are worth from 7c to 8c per lb., milch cows are selling from \$75 to \$125 per head.

I will close with my best regards to my old friend and Editor News.

Leslie Dillingham.

Most everybody gardening some last week.

Irish potatoes \$1.00 and \$1.50 per bu., onions \$1.00 per bu., corn \$4.00 and \$5.00 per bbl., eggs 18c per dozen and chickens 18c per lb.

Johnnie Stevens has bought H. E. Loys Farm on Crocus Creek and has moved to it. We are glad to have him with us. He says he will be with the hogs this year about crop time. It takes some one to hollow to keep them out.

Edward Oldham has been on the sick list but is better.

The crusade against trusts has been on for several years, and has been carried to a point that almost includes all large corporations regardless of the business in which they engage. To our mind such a condition does not indicate immediate development of the country's resources nor point to any great era of prosperity. We desire as much as any one prosperity and development and are as much opposed to unjust methods by which corporate powers often use to advance their interests, but do not believe in applying such means and methods as will cripple and hold in check the business of the country. There is not a single reason to justify a monopoly. There is nothing good to the people or the government in such a combination, and if possible every one should be wiped out. Trusts are formed by men and companies, not for the purpose of building and developing the public good, but for power and money. They are conceived in avarice, nurtured and matured in stealth and in defiance of every principle of right and justice. Corporations are legal individuals, and essential to the advancement of any country. What one man can not do the many may accomplish. It requires concentration of money to develop and sustain large enterprises and through corporations such results are obtained. Since corporations are creatures of law, certainly they should be controlled and likewise sustained under laws and regulations of equal opportunity. But the politicians, too many of them, have aroused the bulk of the people in open defiance of all large corporations, and placed them in the same or similar attitude of trusts. The people are entitled to the benefits of open competition: the corporations justly deserve the broad latitude of a square deal and a continuous warfare not only cripples their operations, but seriously menace general prosperity.

Fighting continues in Mexico. and Gen. Villa is on top.

Our congressman, Hon. Harvey Helm, was the only Kentucky Democrat who voted against the repeal of the Canal toll bill. While we favor its repeal, and believe that the interest of the country and the welfare of our party both demand it, we have no harsh words to utter against Mr. Helm, for he was with the speaker, Mr. Clark, and the leader, Mr. Underwood. It took courage, whether right or wrong, for a Democrat to oppose this Administration measure.

EYES ON CONGRESSIONAL SEAT.

One of the Republican members of the late Legislature who developed into congressional timber was Lilburn Phelps, of Russell county. He soon took a position of leadership on the minority side of the House and directed the Republican policy during the enforced absence of Representative A. J. Oliver, of Allen, the minority leader, during the latter's enforced absence while ill of smallpox. Representative Phelps is regarded as a very likely starter for the g. o. p. nomination for Congress this year, and it is conceded that he will make a mighty good showing. He made many friends during the recent session of the Legislature and was popular with the Democrats as well as members of his own party.—Louisville Times.

The above is a compliment to a very worthy gentleman, a man who stands high as a citizen and as lawyer, and if the Eleventh district is looking for a man who would make a diligent and creditable Representative, it need not go farther. The district will be represented by a Republican, and should Mr. Phelps conclude to enter the race for the nomination his friends in Adair county, of all parties, would be glad to see him win.

ADAIR DEMOCRATS PLEASED.

Adair county Democrats are tickled to death over the recent Legislature in transferring them from the Sixteenth to the Nineteenth Senatorial district, and from a hopelessly Republican bailiwick to Democratic company. Adair will in future be associated with Barren and Metcalfe counties as a senatorial district. Much of the credit for the passage of the act is due Sheriff S. H. Mitchell and County Clerk Walker Bryant, of Adair county, a brother whose only ambition is

the people's good in all the Americas, whose only purpose is the consecration of the Western hemisphere to liberty, to progress, to fraternity. In refusing to acknowledge the Huerta regime the President of the United States in effect announced that governments on the two American continents must have a higher basis than absolutism sired by treachery and assassination. The beneficent and steady effect of this action can hardly be measured by the present generation. It is a promise of freedom and opportunity to the lands below the Rio Grande. It means that humanity, conscience, right must hereafter be the dominant consideration in determining our attitude toward our Latin-American brethren.—From "The Mexican Situation," by Senator Morris Sheppard of Texas.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an *alum baking powder*.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

Bennett-Basham.

Miss Mary Bennett, an attractive and pretty young lady of Columbia, Ky., and Prof. Nathan Basham, one of the brightest students in Prof Sanders' Normal class, were joined in the sacred bonds of wedlock last Tuesday afternoon by the Rev. Hardin. The wedding climax a romance which began while the groom was attending school in the bride's home town.

Tuesday evening the Normal class accompanied by Prof. Sanders and other students, serenaded the newly-wed. Evidently the professor feared he would be dealt with quite vigorously as he failed to put in his appearance for quite a time. He and his good lady came down after all their anxieties as to a rail riding had been quieted and received the heartiest congratulations from their many friends. For the present the young folks will be with Col. Joe Trumell and wife at the Hotel Trumell.

The Shepherdsville Pioneer News extends sincerest good wishes and fondest hopes for a happy and useful voyage over life's sea.

The bride is a daughter of Mr. Sel Bennett, who lives near town.

Fired Three Shots.

For the past eight or ten days before the following occurrence, Mr. C. G. Jeffries, Jailer of Adair county, had been advised that someone was prowling about the bastile after night evidently for the purpose of aiding prisoners to escape. Last Tuesday night, about 9 o'clock, just before he retired, one of the inmates notified him that a party was acting suspiciously on the outside. He got his gun and went out, and in a few minutes he discovered a man about the hog-pen. He hallooed, "hal!" but the party ran and Mr. Jeffries fired at him three times and thinks he hit him once. The Jailer says that it was a white man and that he has an idea as to his identity, but is not ready to divulge.

Notice**"JOE" Cleveland Bay**

This celebrated Stallion will make the season of 1914 at Will Johnson's barn, 4½ miles south of Columbia and 1½ miles West of Gadberry, on Pettit's Fork Creek, and will serve mares at \$6.00 to insure a living colt. He has proven to be a good breeder.

Joe is a dark bay, 16 hands high, heavy built, good style, has the best of eyes, feet and legs and in fact a perfect model in every respect. He is the best and quietest work horse I ever seen, and a fine driver for women with perfect safety, so he needs no further introduction.

Money due when colt is foaled. All care taken to prevent accidents, but not responsible should any occur.

We will also stand a good 7 year old Jack at same place on same conditions as horse, at the low fee of \$5.00.

This Jack is black with mealy points, 14 hands high, heavy built, good style and has proven himself a good breeder.

We thank the people for their past favors and solicit their future ones. Call and see our stock if interested.

The Dirigo man has just returned from the Cumberland Circuit Court and has thus been unable to gather many items.

But while at the Capital of Cumberland county he learned that the citizens of the county generally were well and were preparing for a big crop of corn. The county has a few thousand barrels of old corn for sale yet and are asking from four to five dollars per barrel. Court is progressing nicely and many cases were disposed of. Three young men were sent to the Frankfort reformatory for housebreaking. Many of the enterprising citizens take the Adair County News and its arrival is anxiously awaited each Wednesday night.

If he happened to travel the county road from Picnic to the Singletree factory just below here we would be glad to have him report its condition. Woman Restore Old Flags.

Some years ago Mrs. Amelia Flower undertook the preservation of Civil war flags displayed in the state house in Boston. Her work was so successful that when the nation's trophies were to be restored Mrs. Flower was selected for the task. The method which she has followed is entirely of her own invention, though she acknowledge her indebtedness to some tapesstries which were made a thousand years ago by the duchess of Normandy and her ladies.

The dyeing of the silks and linens used was a work calling for a consummate knowledge of colors. The brilliant reds and blues and greens and yellows of the old flags have softened and faded until in many instances they demanded hours of patient labor to match even a few square feet of a single flag.

The result of Mrs. Flower's method of preservation is that where the remnants of the flags were in good condition or comparatively so, like the flag which Admiral Perry flew in Japan when he made the first compact of friendship between the United States and the mikado's empire, the stiches are invisible from a distance of a few feet. Where the flag was almost all gone the stiches appear as a ghost of the past across the background of the gray linen.

The enraptured society reporters always say that the groom led the bride to the altar. Just as though she required any leading.

The reason a woman thinks she is entitled to a \$50 set of furs is because her husband is saving \$15 on the silk petticoat she does not have to wear.

A wise man always finds out what brand of advice another man wants before he tries to advise him.

This Beats Any Spring Medicine You Ever Saw.

The Way ROOT JUICE Cleans Out the Blood and Builds up the System Is Surely a Wonder; Guaranteed.

"Glory! I've only taken that ROOT JUICE a week and feel like a new person already. It beats anything I ever saw for giving the blood and the entire body a top-to-bottom spring cleaning and toning up." That's what everybody says, and no wonder. The action of ROOT JUICE is just the action that everybody, young and old, needs every spring.

At this time of the year the body is all clogged up with an accumulation of filth and impurities that have been collecting all winter. The blood is thick, impure, and impure, and all the organs of the body are half asleep. That accounts for the well-known "fagged-out," tired, lazy, good-for-nothing feeling that

"That ROOT JUICE Has Certainly Made a Wonderful Change in Me."

ROOT JUICE, a genuine blood cleanser and system builder, made from a new and scientific combination of roots, herbs, leaves and barks. It's safe, too, absolutely free from any injurious or habit-forming drugs, and as a tonic for weak, run-down, debilitated people it beats anything that you ever saw in all your life.

It sharpens up the appetite, improves digestion, stirs us the liver, gently regulates the bowels, tones up the kidneys, gives new force to the nerves and strengthens, revitalizes, invigorates the whole system. For old folks it is simply a wonder. Fine for rheumatism, backache and stiff, sore joints.

And it works quickly. You don't have to use a gallon of it and take it for six months to see results. You'll see an improvement in a few days, feel new "pep" and vim and "ginger" and you'll get up in the morning after a good night's sleep rested, refreshed and ready for anything. Try it. It's guaranteed and the druggist will give you back your money if you want it after using the whole bottle. You take no chances with ROOT JUICE. It's got to do the work or costs nothing. Be sure you get the genuine ROOT JUICE. Don't let any druggist palm off some imitation on you. There's nothing just as good and there's only one genuine ROOT JUICE.

Jacks

At The Fair Grounds.

I will offer for public service for the season of 1914, STARLIGHT and MURPHEY, two high-class young Jacks, at the Columbia Fair Grounds. They are specimens that are rarely ever seen in this section of the State. They are 4 years old, black in color with white points, 15 and 15½ hands high, with extreme length, weight, substance and finish. They are exceptionally well bred, having for their sire the famous show Jack, Kentucky Champion, and out of Starlight Jentys. The Starlights being the most popular family yet known. These Jacks have been well cared for and are in excellent condition for service. Terms \$8.00 to insure a living colt.

In all cases money is due when colt is foaled, mare traded, parted with, bred to other stock or removed from neighborhood.

GEO. COFFEY, AGT.

your paper, I will give my opinion of Iowa.

I must say it is a good State for a working man, and if you don't want to work every day, you had better not come.

I have only been here two weeks, and I like fine. The people are very friendly to me.

I have been to church three times, and got acquainted with several people. There is no Christian church in Toledo, so I go to the M. E. Church.

I came out here with six of my Kentucky friends, Messrs. Lee Chapel, Cloyd, Pellyton, Guy Jones, Sam Cox, Field Perkins and Wells Eastridge, but I left them at Iowa City, and haven't seen them since. Mr. Pellyton

came to Toledo with me, so I know he is still here, but the other boys may be at home by now. Ha, ha!

I would like to hear from any of my old Kentucky friends.

I will close for this time.

Yours truly,

Chas. Tucker.

Duke of Adair 4660, A. S. H. R.

DUKE OF ADAIR 4660 A. R. H. R. This fine combined saddle and harness stallion will make the season of 1914 at my barn, one mile north of Montpelier, at the low price of \$10.00 to insure a living colt. Money due when colt is foaled or mare traded or sold. Duke has proven himself an excellent breeder, and very sure. His oldest get are 4 year olds and they are proving to be first-class in every particular, all good size, easy to handle, good workers, best of saddlers and have as much style as anybody's horse. But few of his colts have ever been offered for sale, but what have, are commanding the highest prices.

DESCRIPTION and PEDIGREE: DUKE is 8 years old, 16½ hand shigh, dark brown or black, has the best of eyes, fine mane and tail, the latter, which he at all times carries to perfection.

DUKE was sired by old Red Bird 1950, he by Cabell's Joe Brown 1955, he by Cabell's Lexington 3234, he by Cist's Black Hawk. Red Bird's 1st dam Liza Griffin, she by Bailey's Dexter, he by Cabell's Lexington. Duke's 1st dam Maud Bailey 7862, she by Hubble's On Time 745, he by Stonewall Jackson 72. 2nd dam Black Kate, she by Red Squirrel 53, he by Black Squirrel 58. So you see at a glance that Duke's pedigree can't be beat. Having old Red Bird for his sire and Hubble's On Time as a grand sire on his dam's side, two as good ones as Kentucky ever had.

In both cases all care will be taken to prevent accidents but not responsible should any occur.

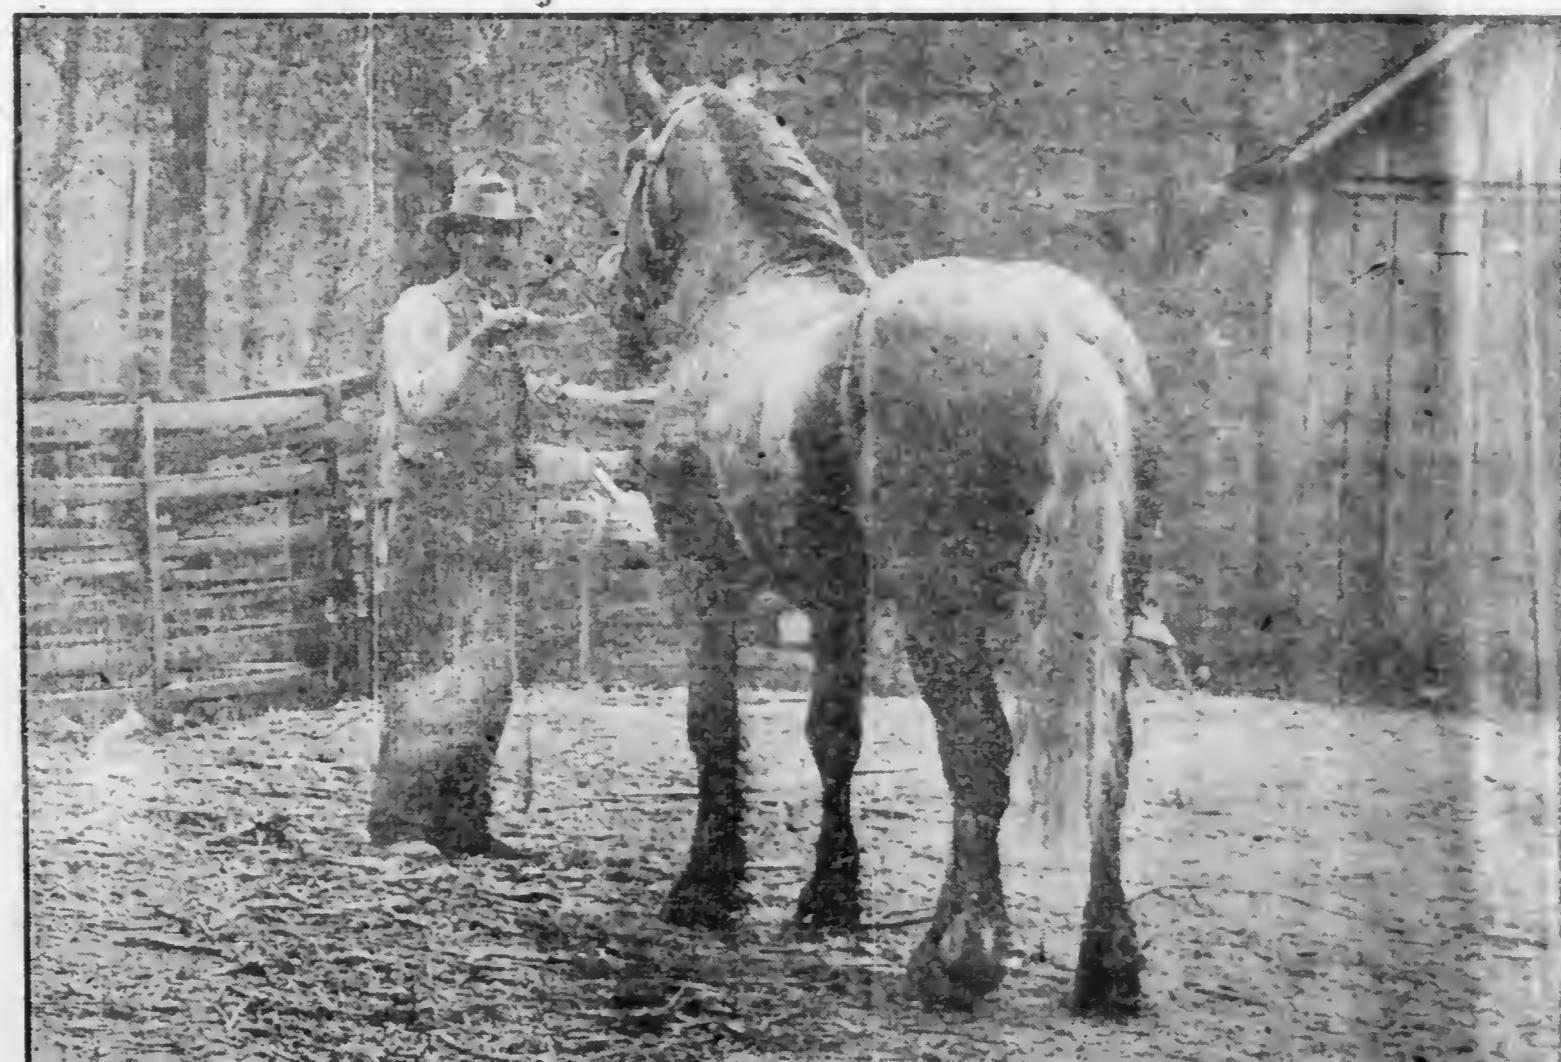

BLACK HAWK

This fine young Jack will make the season of 1914 at the same place at \$6.00 for a horse mule and \$7.00 for a mare mule to insure a living colt. Money due when colt is foaled or sold. Black Hawk is 5 years old, coal black with mealy points, 15 hands high, has very heavy bone, extra big head and ear, long bodied and as well made up in other respects as you ever saw. He has proven himself a good breeder and very sure. Last fall his colts sold at top prices.

Montpelier, Ky.

Columbia Stock Farm

The above picture is a natural photograph of JUDAS the famous Purcheron Stallion. He will make the season of 1914, at my barn, one and one-half miles east of Columbia, on the Sumerset road, for the sum of \$10.00 to insure a living colt.

DESCRIPTION: Judas is a 6 year old purcheron, a steel gray, weighs 1700 pounds and is 16½ hands high. He is a perfect model and a world beater. Remember that the Auto and such like modes of conveyance have lessened the demand for saddle and harness horses. But remember that they have nothing to do with the Farm and Draft horse. Remember that every farming country in the world wants the Purcheron horse. The leading mule producing States are raising mules from the Purcheron mares. See this horse before you breed, I will gladly show you his certificate of registration and Pedigree. Judas has proven himself to be a great breeder. His foals of 1913 are the best 1 year old colts ever seen in this country and his foals of 1914 are second to none. He is kind and well disposed.

Money due when colt is foaled or mare traded or removed from neighborhood.

All care will be taken to prevent accidents but not responsible should any occur.

W. G. MCKINLEY.
